Reviews

A compelling read that is as thoughtful as it is thought-provoking. It is one of those unusual books that will linger in the mind and memory of the reader long after it is finished and set back upon the shelf. Beautiful and radiates peaceful support for the Divinity in all of us. Written specifically for today's woman. Starr provides eloquent examples and clear instructions on rituals, meditations, and affirmations that will reopen your connection to the Sacred. -- Courtney Lindemann, New Age Journal

You Are Woman, You Are Divine is inspired. You can't read it without feeling the presence of The Divine Feminine, the ancient goddess energy, moving in your bones. It is so beautifully written and woven together; I'm enthralled and I can't stop reading it. . . . filling my soul with much needed food. Women, we are being called home to our true essential natures. Open this book and unlock the door to important myths, mysteries, goddesses and rituals that were lovingly chosen by Renée Starr. Her deep connection with The Divine Feminine leaps off the pages and enters the psyche in rich and meaningful ways. This extraordinary work brings us close to The Beloved, to Freedom and ultimately to honor our own Sacred-Self.

—Terry Laszlo-Gopadze, Editor of The Spirit of a Woman: Stories to Empower and Inspire

Beautifully designed, thorough and inspirational, Renée Starr's You Are Woman, You Are Divine captures the essence of the Sacred Feminine reawakened within its pages. It is a creative and splendidly researched vehicle for those walking down the Goddess path for the first time, as well as a delightful refresher for those already enjoying a sacred relationship with Goddess. Appealing to both left and right brain, Renée Starr's new book combines Goddess mythology and its relevance today, along with how to work with different facets of the Feminine essence. Readers find their understanding of Goddess mythology morphing into self-help and self-knowledge, encouraging women in particular to heal, come into wholeness and find their Sacred Roar!

—Rev. Dr. Karen Tate, author of Goddess Calling and Host of "Voices of the Sacred Feminine Radio"

"This course became transformational for me. Its is packed with valuable information and from lesson to lesson a whole new world is evolving to me, where everything is connected and alive. There is a lot of information to absorb and digest and even more to practice. But through practice many things became clear and I weave in more and more new elements. And this is just the beginning of the journey! Thank you, Renée, for putting all this information together and for being such a gentle, compassionate and supportive instructor." - Anna B.

"I have been on the quest for spiritual knowledge for some time and through this journey have found rare the teachers that have full knowledge of their subject matter and are genuine in their guidance and gifts. Renée Starr has provided me information that can not be easily found in books as it is through her rich life experience as a wild witch and her intuition passed down through her guides. I have been awarded a gift by her teachings and express much gratitude for her time, dedication, tools (tangible and intangible) that she has given me." Mia X.
